

Honesty is the best policy.... I have yet to get my OWN applications to present uploaded into the portal, but if you are in my boat the GREAT news is that the portal does not close until 7AM tomorrow, May 1st. That means you even have time tonight when you get home. How fantastic is that! Thanks to all of those who have already applied, but we are definitely down and need more. Currently we only have **seventeen** art related presenters. Oi Vey!!!!

We desperately need you to log in and offer up a class for next year's Teacher's Conference in Billings!

The DEADLINE is TODAY, April 30th!!!! Portal CLOSSES at 7AM May 1st!!!

You get a small stipend for your efforts and can charge a small fee to cover materials costs; we all love hands on workshops. The conference was great last year because our members stepped forward to share their awesome knowledge and experience with their cohorts. Right now we are so LOW on submissions! If you are headed to Billings next year, or live in the area, please offer a class! I did verify with Billings Public Schools and I know my GFPS allows one to teach and earn PIR. What a win-win!

When you submit your application please indicate needs you may have. The conference committee will be meeting on May 18th to plan the schedule and room assignments.

MEA-MFT Sectional Portal OPEN until 7AM May 1st!!!

Our state conference is in Billings next October and MEA-MFT portal to submit sectionals is open. The conference last year was great due to all the great classes we offered to each other. Please log in and start uploading your proposals, http://www.mea-mft.org/educators_conference.aspx.

MAEA Conferences Dates

2018 October 18 – 19	Billings
2019 October 17 – 18	Belgrade
