

URGENT

Victor needs your [Youth Art Month Label Info NOW](#) for our Capital MAEA Exhibit!

He sets up the show on February 27th. This is a legislative year! We need to knock their socks off and maybe rattle some cages! Right now Victor has only heard from ONE art teacher in our great state. Yikes! This is an amazing opportunity! Your admin and every student artist will receive a personalized letter from the Governor plus we can show off what an amazing K-12 art education our students receive.

I will be delivering work to Victor from the Great Falls area on Sunday, February 24th. If you would like me to deliver yours PLEASE plan to have it to me at Great Falls High by Friday, February 23rd, but he needs the label info NOW!

If you cannot deliver your work to Victor at Helena High or to me at Great Falls High please send your student work via UPS, FedEx, or USPS. Return postage must be provided if art submissions are mailed.

Here are some general guidelines for your submissions:

- Each teacher can **send two to three 2-D pieces** created this academic year, *pending scale & response*
- Works must be **mounted/matted** and **hang-able** (*hot glue and string works great*)
- We use Command strips on marble to hang, so works can't be too heavy
- **NO FRAMES** unless YOU provide the easel
- **3-D works** are encouraged, number is not as limited but please think of media when shipping

If any of you are interested in helping hang and can get a sub, please let Victor know, vdaniel@helenaschools.org.

Make it a great day,

Mrs. Cortni Harant
