

Okay, okay. I know we love revolving dates, right? Cathryn Reitler, our guest artist, just called. She neglected to see another event that weekend, the weekend of April 6th through 8th, so we are REALLY going to have our retreat on March 28th through 30th. Oh, jeez. I know. I do know that for some of us in GF that is actually better since I know one of our teachers had a trip planned to the University of Montana with her students and we have a reception for our biggest student show of the year on the 5th.

Again, please notify me if that works or does not work. Sorry for the erratic date changes.

The REAL date of the MAEA 2019 Winter Retreat:
