

Presenter Email

Thank you for submitting an application to present for the 2020 MFPE Educator Conference on October 15-16.

Due to the uncertainty of COVID-19, MFPE has made the decision to change the venue from a face to face conference to a virtual conference. We are excited about hosting a virtual conference.

MFPE is asking if you can turn your presentation into a virtual session?

- A 50-minute video of your presentation. Submit it to MFPE by September 1.
- The video would only be shown during the hour you are presenting October 15-16, 2020. The video will not be shared beyond the Educator Conference 2020.
- You must be present during the session for chat/Q&A.
- You will be able to upload up to 3 handouts per session.

Presenters can earn one renewal unit per session they are presenting. MFPE is offering a \$30/session stipend to the lead presenter.

Applications to Present have been re-opened until **June 30** in order for you to make changes or add a different session.

If you are interested in providing a video session, please review the [new presenter agreement](#), select the check box, and submit. MFPE will only schedule sessions with the new agreement submitted. If you did this before, you will need to do this again. The agreement is different. Presenter agreements are **due June 30**.

Notification of presenting will go out **July 31**. Directions on how to upload your video and handouts will be in this email.

Video and Handouts will be due **September 1**.

The basic guidelines that are required for being a MFPE presenter are in the presenter agreement. Additional “how-to produce a video” resources can be found at MFPE.org. Please contact Jami Wood at Jwood@mfpe.org with questions.
